Dear Miss Chua,

September 3, 2021 

I am writing this letter to formally file my resignation as POD Supervisor effective August 28, 2021. For the past months, I've been struggling with mental health concerns and burnout. These experiences negatively affected not only my psychological wellbeing but my health and relationship with others as well.

Rest assured that I will continuously perform my task in the best of my abilities during my remaining days in Autohub. I am willing to assist whoever will be assuming this position during his/her transition. I wish you and Autohub's continued success.

Thank you very much!

Sincerely,

  
**NEIL JORDAN M. UY**
